Office of Legislative Counsel

Friday - 29 April 1955

- - - -

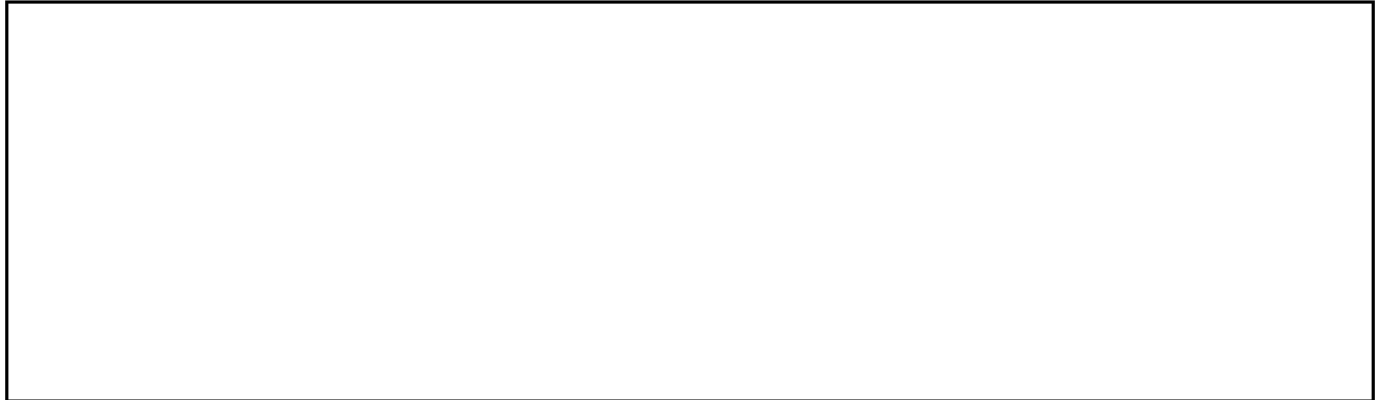

1. About a week ago I talked with Mr. Herbert Waters, Administrative Assistant to Sen. Humphrey (D., Minn.), and informed him that Sen. Humphrey had asked the Civil Service Commission representatives who testified on the Senator's resolution to establish a Commission on Government Security to secure certain information on security procedures in the sensitive agencies. I told Mr. Waters that CIA had informed the Civil Service Commission that they would approach Sen. Humphrey directly on this matter. I stated further that I was prepared to give the Senator certain background information at his convenience. Mr. Waters said that if the Senator desired the information they would be in touch with me. To date I have heard nothing further on the subject.
